LIFT / A JOB FROM START TO PAID

You fix the car. Keep work moving.

01 Write the repair order

Add the vehicle, photos, parts, and labor from your phone.

02 Get the go-ahead

Review your estimate message, then send a link for the customer to approve.

03 Keep customers updated

AI can answer routine status texts using the repair order. Turn auto-replies off in Settings.

04 Send a payment link

Text a payment link when the job is ready. Customers can pay online.

\$79 / MONTH

14-day free trial. No credit card required.

Card processing fees apply to online payments.
